## Small Business Workshop

### Your Online Presence: How to start- How to make it better

Learn more about the internet, what your online presence can mean, and making it work for you.

IN Visual Technologies is hosting a Small Business Website Workshop. During the workshop we will cover topics including:

- Preparing for your Website
- How to Start the Design and Layout Process
- Marketing Tools to Promote your Site
- Maintaining Your Website
- Website Budget Expectations
- Making Your Existing Site Work for You

This workshop is only being offered to Spring Valley small businesses at this time. Reserve your spot in our studio today!

February 16, 2010 (Tuesday)
